The  
15th!!

The sky of  
the 15th!!

IF I SLEEP IT MIGHT  
BECOME THE 14TH  
AGAIN, SO I DIDN'T  
SLEEP AT ALL.

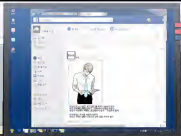

PEOPLE OF  
THE 15TH.

Good morning-  
Did you see Chief  
Baek's Facebook post?  
Chief Oh is suffering  
again today.

WORK OF  
THE 15TH.

Pardon?

I'm surprised every time I see the similarities that Sang-Shik Oh (Misaeng\*) and I have. To see him as a three-dimensional character... I learn about life from him... The world is foolish, even if people swear, let's not get impatient... Let's not stoop to their level...

A leader has heavy responsibility. A leader cannot always be a good person...

He thinks Chief Sang-Shik Oh is really a personification of himself, keke. Though in reality he's Department Head Mah\*.

I bet when Sang-Shik Oh became deputy department head, Chief Baek probably cried. Kekkeke.

Haha~

\*T/N: ANOTHER CHARACTER FROM THE DRAMA

**EVEN CHIEF BAEK'S  
CHEESY FACEBOOK  
POST IS CUTE.**

*I became a  
crazy woman that  
went against the boss,  
but I'm just happy.*

*Why? Because  
today is the 15th!*

Lalalala~

Did something  
good happen?

Would you  
like to eat with  
me today?

Not in the  
office restaurant,  
but outside.

Wah, cake!

*I was just  
worrying over if  
I should buy  
it or not.*

Let's eat together.  
I wanted to eat this  
every time I came  
here, but I was a bit  
embarrassed to eat  
it alone so...

I used you, Miss  
Luda. Sorry.

How cute~

Ah, you graduated from engineering.

Yes, the work I'm doing right now and my major don't suit each other at all, right? I didn't know that I would end up here either.

My first workplace  
was a business selling  
scientific goods.

The truth is, I'm  
an introvert and I'm  
very shy so it was  
hard to work.

I'm much more  
comfortable with  
my current job.

You don't look  
like that at all..  
You talk well and  
you're kind...

No, I tried very  
hard. Should I say  
that I changed in  
order to live...

How about you,  
Miss Luda?

The arts for sure.  
I graduated from  
creative writing. But the  
school was completely  
different from what  
I thought so...

suddenly I thought  
to merge it with  
Korean literature... I  
watched movies every  
day and waited for  
graduation day.

Ah, do you  
perhaps like  
movies?

Yes! I do.  
There are some  
days where I watch  
two in a day.

T...Then  
maybe,

If you have  
time on the weekends,  
would you like to watch  
a movie with me?

I have a movie  
I want to watch  
but watching it  
alone is a bit...

It's a  
date! 100%  
a date!

Which  
movie is it?

It's the  
movie with T...  
Turing.

Turing?

Ah... Yes...  
Alan Turing... Um...  
He's a mathematician  
from the Second  
World War...

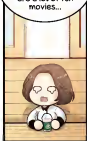

Ahhh...

Ah, I think  
it's going to be  
really boring! It's  
a movie about  
electricity so...

Aht, no. I think  
it'll be fun.

Like I thought,  
let's watch something  
else, something else.  
These days there  
are a lot of fun  
movies...

Uwah, I'm  
okay though...

*Even if I didn't  
know I should have  
pretended to know...  
He really looked  
like he wanted  
to watch it.*

*See you later-*

Hm,  
Alan Turing...

It's a movie  
featuring Benedict  
Cumberbatch...

*If I knew  
that in advance  
it would've been a  
more perfect  
day.*

*What a pity...*

*Is there nothing  
that could cause the  
day to repeat... The  
chief looks fine...*

*If the chief really  
dies... would the day  
repeat again.*

If I really  
say to die...

**DIE.**

Shiver

YOU'RE CRAZY.  
LUDA LEE!

WHAT ARE YOU, SOME  
PSYCHOPATH. ABOUT TO  
END SOMEONE'S LIFE!

Just kill him and start the day again. Life is precious because there's only one.

What's so precious about a life that lives again after dying? Besides, even if you killed him, the chief probably wouldn't even know he died.

No! What happens if the time loop doesn't happen and it becomes a real murder!

Then you're a murderer! Are you going to take an innocent life away because of greed?!

Hey, to be honest  
how is the chief an  
innocent life.

Hm... That's  
true. Should we  
just kill him?

Even my  
subconscious  
can't find anything  
wrong.

Whew, anyway, I can't  
murder anymore. Even  
my respect toward lives  
became senseless.

How terrible  
is this?

Miss Junghwa-

Could you take  
care of this?

...

Yes.

KYAAH!!

WHAT WAS  
THAT?!

**AN EXPLOSION?! DID  
SOMETHING BURST?!**

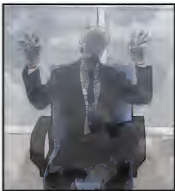

**LET'S LEAVE!! TO  
THE EMERGENCY  
STAIRCASE!!!**

*The smoke...*

*My eyes are  
watering...*

He died  
again!!

Chief!!

The  
cause  
is...

...an  
explosion  
from an  
electronic  
device!!!

**FLASH!**

I came back!!

12AM of the  
15th...

The second  
time loop  
started...

Did I kill him?

Ah, I really can't live... Did he really die because I said to die...

Ah... Calm down... Luda Lee...

It's okay, I got the gist of what the context is.

If I go back to the  
company and don't  
say "die", then the  
chief doesn't die.

And if I stop  
the chief's death,  
then the next day  
will be bright.

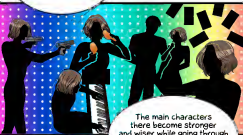

Let's think  
positively. Knowing  
the trick is a huge  
advantage,  
this...

...is living for an infinite  
amount of time!!! I can  
edit my dark history  
however I want!!

If you look  
at movies, manhwa  
and novels regarding  
time loops...

The main characters  
there become stronger  
and wiser while going through  
the time loop and even become  
rich and gain the person  
they love!

Let's not worry,  
this is just like a  
kind of game.

A game  
saving the  
chief.

The chief is the  
main character.  
My mission is to  
save the chief.

GAME OVER

Every time I fail,  
I can just build  
my stats while  
time repeats.

The benefits of  
success will be  
my tomorrow!

Happy if   
you died
